

## Custodial Cost Structure Classroom Cleaning FY2023

---

- ❖ Building Services receives Reservations via email
- ❖ Based on Reservation, cost is determined by room size, number of rooms booked at a time, and week vs weekend
- ❖ Building Services submits Quote to Reservationist
- ❖ Building Services receives payment and updates EMS
  - Payments should be delivered to the Building Services Main Office.
  - [buildingservices@facilities.gatech.edu](mailto:buildingservices@facilities.gatech.edu) is the contact for questions
  - Acceptable forms of payment are worktag (with Doc ID, student organizations should check if they have a worktag created for their group before making alternate payment), cashier's check, money order, and personal check (only if you are affiliated with GT, must provide buzzcard and GT e-mail address)
  - We do not accept credit cards or cash
  - Forms of payment cannot be changed with the automated system due to a large number of reservations being made by groups not affiliated with a worktag
- ❖ Building Services assigns staff, Notifies Reservationist and Building Manager
- ❖ If possible, block out holiday room reservations. No staff available to clean.

### Custodial Fees
